

11/10/08

Dr. DiMattina recently passed his oral examination and was inducted as a Fellow in the American Academy of Optometry (F.A.A.O.) at the Academy's annual meeting in Anaheim, CA.

Only ten percent of all practicing optometrists attain Fellowship status. This designation indicates that the doctor has completed rigorous testing including oral defense of case reports, and the ability to prove superior clinical reasoning.

We congratulate Dr. DiMattina on his accomplishment!

Dr. Sacco has been a Fellow since 1993. Sacco Eye Group is the only practice in our area with two practicing Fellows of the Academy.
